

EYE MOVEMENT DESENSITIZATION AND REPROCESSING (EMDR)

EMDR Introductory Certification (Level 1 Training)

Date: 16th Jan 2021, 22-23rd Feb 2021

Advance Certification (Level 2 Training)

Date: 24-25th May 2021

Time: 9AM-5PM

100 % Online Video/ Audio Zoom Participation

EMDR Introduction certification consists of 3 days online workshop and EMDR Advance certification consists of 2 days online workshop accredited by EMDRAM and EMDRAA. They cover the introduction and advance skills of Eye Movement Desensitisation and Reprocessing (EMDR) which is one of the most scientifically proven effective therapy to treat trauma & other psychological disorders. You must complete the didactic knowledge component prior to attending the workshop. This consists of a program of reading, recordings and videos which would be sent to you upon registration. Regular Q&A sessions are held via Internet meetings to assist you in covering this material. Includes six weeks of access to Case Consultation

Graham Taylor provides accredited training in Acceptance and Commitment Therapy (ACT), EMDR, and Schema Therapy. He also trains in DBT and mindfulness. He was previously a CEO and Principal Clinical Psychologist at Taylor, McCombe Hof, a group practice of Clinical Psychologists.

Education • Master's degree in Clinical Psychology at University of Canterbury, New Zealand
